CLINTON CARRIES OFF HIGH SCHOOL HONORS

Wins Indoor Track Championship With 27 Points-Stuyvesant 2d, Manual 3d.

NO RECORDS ARE BROKEN

But Lennon, Egan and Jenkins Barely Miss Marks-Crowd and Entries Small.

De Witt Clinton High School of Manhattan carried off the point honors yesterday in the eleventh annual high schools indoor track and field championships at the Forty-seventh Regiment Armory Brooklyn. It scored 27 points, defeating Stuyvesant with 23 and Manual Training with 18, the latter two finishing second and third respectively. The High School of Commerce and Morris High School tled for fourth honors, with 8 points each.

The meet had anything but a championchip aspect. Only a few spectators were on hand, while the entry list fell far below that of the previous championships. Hardly two hundred athletes entered in the twelve events, little more than half the number which competed for the honors last year. No records were Eddie Feuerstein and Abe Goldstein of Manual Training, who were fig ured to carry off several of the events were not eligible to compete. They entered in competition when they were not eli-gible and as a result will be barred from all future athletic activities in the high ools unless a special ruling is made by Tom Lennon of Curtis, national junior

220 yard indoor champion, made the best showing in the track events. He won the just missing the record held by A. Van Winkle, a former Boys High star, by ene-fifth of a second. In the field events F. Egan of Manual made a creditable showing. He cleared 5 feet 8 inches in the munning high jump, failing to equal the record of W. M. Oler, Jr., formerly of De Witt Clinton, by three-quarters of an inch

The one mile run, with twenty-eight starters, featured the programme. Frank Jenkins, colored, of Far Rockaway, holder of the Queens Borough and city cross country championships, won as he pleased in the fast time of 4 minutes 474-5 seconds, one second slower than the record held by L. Von Mechow, formerly of Curtis, made last year. Jenkins took the lead.

After gaining a safe position he eased up and allowed Mc-cracken of Erasmus Hall, Wolcott of De Witt Clinton and J. Gordon Moriarty of Richmond Hill, a former cross-country tueholder, to come within fighting distance. A lap and a half from home Moflarty was coming fast. He slowed up, however, and gave way to McCracken, who, in turn, also was forced to step back, Wolcott moving into second position. It

was in this order that they finished.
In the hundred yard dash, senior, Stuyvesant High School annexed first three positions. M. Finn of Commerce was fourth. M. White won after a sensational fourth. M. White won after a sensational finish from Peter White, colored. The two raced side by side for the entire distance th M. White winning at the tape. W. Albrecht was third.
Four athletes finished in the money in

two events. H. Caminez of Manual Training finished second in the 100 and 220 yard junior events: London of Stuyvesant, finished fourth in the 100 yard dash, junior and third in the 220 junior; W. Albrecht of Stuyvesant finished second in the 220 yard senior and third in the 190 yard senior, and Wolcott of De Witt Clinton finished second in the 880 yard and one mile runs. The summaries:

GARDEN CITY, Jan. 31.—The strong Erasma amphibians had a narrow escape in every event of a swimming meet with St. Paul's School to-day, but managed to win the meet by a comfortable margin, the final team score being 32 to 21.

Erasmus won the 400 foot relay by inches when Long splashed across the finish line a finger tip ahead of Wardenburg, in the good time of 1 minute 14 seconds, thus giving the Flatbush lads an eight point lead.

St. Paul's was weakened by ten points without the services of Boyce, the four-teen-year-old plunger, who probably would have won the plunge for distance, dive and placed in the century dash. Boyce is ill with pink eye.

Craft to Be Defenders of America's Cup.

The keels of the three cup defenders have been cast, and now setting up work has started. On the Herreshoff yacht Away From Traps.

Under the most difficult conditions of the year, the gunners of the Marine and Field Club decided their weekly shoot over their Bath Beach traps yesterday. In between banks of heavy fog that swept in from the lower bay the nimrods banged away at the tiny blue rocks. At times rain fell and throughout a half gale blew the targets at impossible shooting angles. Only four gunners praticipated.

The best work in the monthly cup was done by P. R. Towne, president of the club, who took the event with a card of 49 out of a possible 50 targets, shooting with a handicap of 5. The take home trophy ended in a tie between Frank B. Stephenson and E. H. Lott, both gunners having 85 out of 100 targets, shooting from scratch. It was decided to shoot off the event next Saturday. C. N. Camp won the president's cup, with 95 out of 100 targets. building for the New York Yacht Club syndicate this work is well along and everything is going so smoothly that Nat Herreshoff has gone to Bermuda to rest and build up. He has taken his little knockabout with him and will spend most of his time sailing about the islands. In his absence his son, Sidney, will look after the building of the yacht and by the time Capt. Herreshoff returns the yacht will be plated and almost ready for launching.
The Herreshoff boat is not to have a

The Herreshoff boat is not to have a centreboard. When originally designed, it was planned to give the yacht a centreboard, but after the lead keel had been cast and the slot made for the centreboard Capt. Herreshoff, with the consent of those who are most interested in the yacht, changed the designs and it was this change that caused a cessation of work at the Herreshoff works. The new yacht is to be a keel vessel without any centreboard. When the new lead was run, the slot was filled in and several tons were added to the keel which will increase the draught of the yacht and possibly increase her water line length. Herreshoff has concentrated the weights and it is said that he has decided to take a penalty for excess of draft. With a Bouts, Most of Them Brief.

Annapolis, Jan. 31.—For the first time in the history of the sport here the midshipmen wrestlers won a match by taking falls in every one of the seven bouts, the representatives of Lafayette being the victims. The longest time it took a midshipman to pin his opponent was five seconds under six and a half minutes, while two of the Lafayette men succumbed in less than a minute.

The midshipmen used neck holds and half Nelsons with great effect. Of the Lafayette men Smith, in the 135 pound iclass, put up by far the best defence and kept his opponent, Midshipman Webb, on the mat a large part of the time. His bridge work was particularly good. The visitors had neither the training nor the knowledge of the game that the midshipmen possessed, and in nearly every event they were considerably beneath them in weight. Without an exception, however, they fought gamely.
